Subject: West Lake Landfill update

Hi Debbie and Ben,

I made contact with Doug Clemens. He is going to reach out to the CAG technical committee to arrange a conference call (hopefully for later this week) to discuss the specific ways TASC can assist the CAG. Doug did not feel that I need to attend the Nov 18 CAG meeting. He said that the agenda is full with an election and the EPA presentation about the status of the planned trench. There wouldn't be time for adding a discussion of TASC assistance to the agenda. When we meet via conference call, we will discuss when TASC should come to a full meeting of the CAG. Doug mentioned that we may want to first have some meetings with a smaller group, such as the technical committee. The CAG may prefer TASC to attend the full CAG meetings when we have something to present. Plans aren't made yet, so this may all change after we have the kickoff call with the CAG.

Thanks.

Terrie
